

## Building Partnerships –Think Outside the Box!

### *You*

- What experiences and values have led you to pursue environmental care and protection with the Environmental Commission or other organization you are with?

### *Your context*

- What are the primary goals of your commission or organization this year?
- How does your environment commission or organization interact with faith institutions in your town?

### *Connecting with houses of worship*

- How can the Commission work more closely with religious congregations?
- How can faith institutions in your town help the Commission achieve its goals?

### *Ways to get the word out*

- How do you publicize your actions and programs to residents of your town? What media and forms of communication do you use?
- Can you send publicity information to faith institutions for inclusion in bulletins and newsletters?
- Are we considering religious holidays in our planning?

### *Learning from each other*

- What can the commission teach members of faith communities?
- What can faith institutions teach members of the Commission?

### *Who to approach in your town?*

- What are 3 or 4 houses of worship in your town that you'd like to build a relationship with?
