

# ADVANCING STORMWATER MANAGEMENT

JUNE 16, 2021

SOUTH JERSEY  
LAND & WATER TRUST

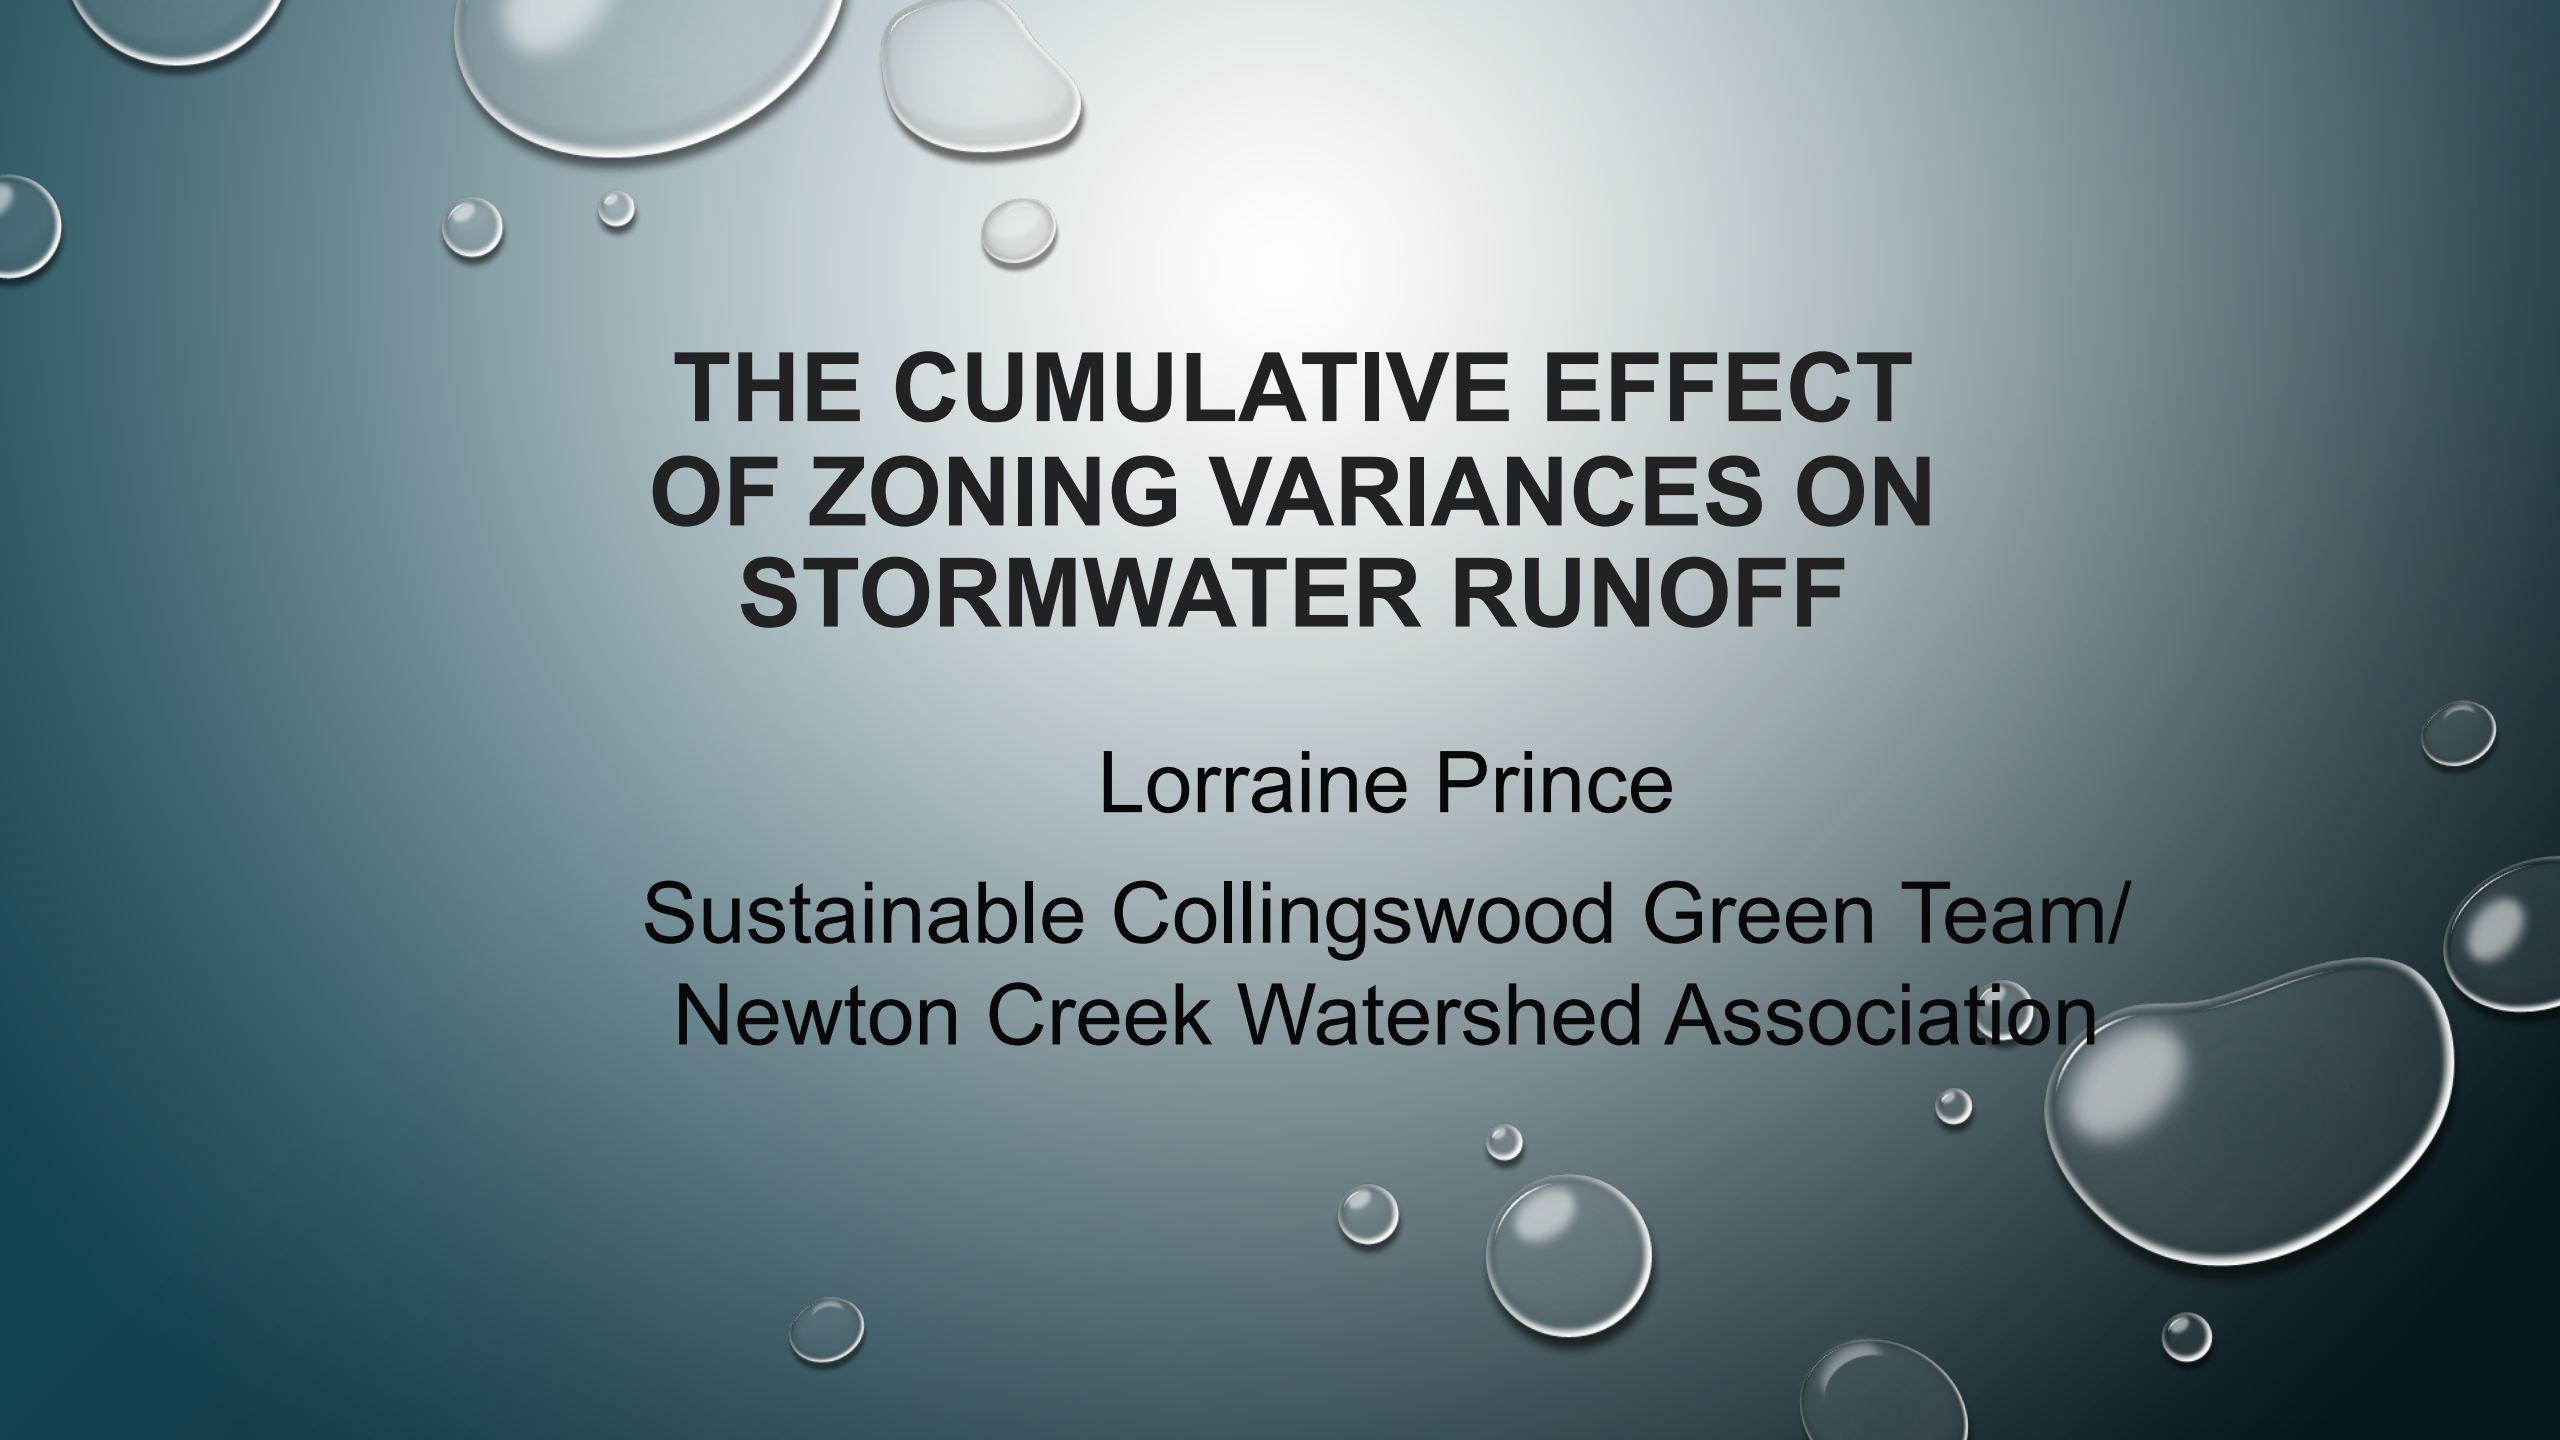

NFWF

The background is a dark blue gradient with several realistic water droplets of various sizes scattered across the surface. The droplets have highlights and shadows, giving them a three-dimensional appearance.

# **COMPLYING WITH NEW STORMWATER ORDINANCES**

Dr Christopher Obropta  
Rutgers University

# **THE CUMULATIVE EFFECT OF ZONING VARIANCES ON STORMWATER RUNOFF**
