

Welcome

Bring Back the Stars: Fighting Light Pollution for Darker Skies

we
Welcome

How many shooting stars did you see in 2024?

Less than 5

Between 5-10

More than 10

Before We Begin

This session will be recorded & available afterwards to all registrants.

Please send us your questions in the Q&A and we will address them soon.

If we do not get to your question, feel free to email us at info@anjec.org.

ANJEC's Mission

To promote **local action** to protect and restore New Jersey's natural resources and **ensure equitable, healthy communities**. ANJEC advances its mission by engaging in **diverse and inclusive practices** through leadership, partnerships, education, advocacy for strong public policy and support of environmental commissions, public officials, and communities throughout New Jersey.
